

ASCENT Offers SolidWorks Titles

Introduction of Partner Guides Expands Selection of Expert Learning Content to SolidWorks

Baltimore, MD — June 20, 2018 — [ASCENT – Center for Technical Knowledge](#) is expanding its courseware catalogue to include content for SolidWorks and CAMWorks software developed by Dassault Systèmes. New partnerships with independent publishers and expert authors enables ASCENT to supplement their core Autodesk, Dassault Systèmes and PTC manufacturing content with materials that were not previously offered through ASCENT. The ten new offerings are available in print from ASCENT’s online store at [ASCENTeStore.com](#).

“We’re continuously looking at different ways to expand our learning offerings to exceed customer expectations,” says Paul Burden director for ASCENT. “That’s why we’re partnering with independent publishers and expert authors to bring important SolidWorks knowledge to our customer base. With an established distribution network, we can also assist other authors in getting their books to the right market, within North America and globally.”

The following SolidWorks Partner Learning Guides are now available for purchase through ASCENT:

- [Beginner’s Guide to SOLIDWORKS 2017 – Level I](#)
- [Beginner’s Guide to SOLIDWORKS 2017 – Level II](#)
- [Beginner’s Guide to SOLIDWORKS 2018 – Level I](#)
