ASCENT
CENTER FOR TECHNICAL KNOWLEDGE

Do you teach Autodesk Software training classes?

If so, our Instructor Tools are an ideal resource for you! Designed to be used in conjunction with ASCENT training guides, our Instructor Tools are downloadable PDF files which contain timing suggestions for delivering the class and answers to the questions within the training guide. Some Instructor Tools also include overhead presentation files which are an ideal support tool for those teaching the courseware.

Important to note:

Instructor Tools are sold separately from the Student Guide and eBook, and are available in a PDF format. Once you have completed your online purchase, you will receive an email with an order confirmation including a link to instructions for accessing the Instructor Tools. Within that email, click on the Product Description for the set of Instructor Tools purchased (found under the 'Product' heading), and follow the instructions to gain immediate access to your PDF.

How to Order Instructor Tools and other ASCENT Products:

🖥 Online

Place your orders directly on ASCENT's eStore at your convenience: ASCENTeStore.com

The benefits of ordering online are plenty:

▸ Global distribution
▸ Secure and convenient
▸ Fast and easy to create unique user account
▸ Credit card and Purchase Orders accepted
▸ Order history available to users with unique login
▸ Orders can be tracked for delivery assurance

Need Assistance?

Should you require assistance setting up your eStore account, or if you have any questions about shipping, please contact our printing partner, Gilmore Global:
